Department of Leadership and Management Studies (LMS)

Total Marks: 25

Time Allowed: 1 Hr

There are some issues in an organization regarding employee performance. Due to their poor performance, top management decided to call all managers from all departmental level and tried to conduct their interviews regarding current scenario. After taking these interviews, top management found out and realized that performance of employees are decreasing due to lack of empowerment, lack of rewards and disturbances within organizational culture.

Therefore, top management want to conduct a thorough research based on particularly the above mentioned issues and want to develop policies and strategies to enhance employee's performance as well as their morale. Being a PhD scholar please conduct a research survey and prepare a research proposal.
